2017 License IV Chardonnayproduct-timed-pdf - Liter Bottle | France - Founder is President of Martine's Wines!

Why We're Drinking It

There's one thing that unites every bar, brasserie, & restaurant in France: the Licence IV placard. It's a permit that allows establishments to serve alcohol. From curbside café to Michelin-starred stops, everyone needs Licence IV.

Swirl to free enticing aromas of white blossom and lilac. The round mid-palate showcases great vibrancy and freshness, highlighted by notes of fresh peach and citrus. Light on its feet, this wine finishes with savory acidity and crisp minerality.
