2018 McPrice Myersproduct-timed-pdf - Right Hand Man Syrah Central Coast - If You Know, You Know...MCPRICE MYERS!

Why We're Drinking It

QPR means quality/price ratio - and McPrice is a legend in this respect. McPrice 'Mac' Myers became a complete food and wine geek in his early twenties. This led him to frequent sojourns to the Central Coast, where he became a quick study of the burgeoning wine scene. Mac's first vintage was 2002. His enthusiasm for the local vineyards in Paso Robles and Santa Barbara County was matched only by the lure of the Rhone Valley. Mac's own wines received overnight praise from the wine press-at-large.

We are SO thrilled to have the brilliant new Syrah -- get ready to be wildly impressed (by our crazy price too!!). Plum jam, cocoa, figs, mocha and rich, lush, and an almost decadent texture. Cherry, a whiff of olive...tons going on here. STAGGERING, frankly, at \$18!! While it lasts!
