2019 Domaine Saint-Mitreproduct-timed-pdf - Rose Vin Pays du Var - Real-Deal Provence Rose, Amazing Price!

Why We're Drinking It

\$25 elsewhere...cool, fresh, seriously complex rose at an astounding \$14!

Love it! This has been our go-to rose for years now, and the fresh, vivacious, sensational 2019 is in the house! This juice is good for your soul!

Domaine Saint Mitre, a small family-owned and run producer in Provence, has a vineyard of 35 hectares which extends in front of its bastide dating from 1817, with a magnificent view on the massif of Sainte Baume. The unique terroir of Saint Mitre is known for its exceptional sunshine, its ideal location in Provence, and the richness of its clay-limestone soils. We discovered them some years ago and are proud to be one of the few places on Earth to get it.

Raspberry, bright, clean, blood orange, pure rose petal essence, with killer freshness and a citrusy, literally mouthwatering texture and flavor. Drinks like something quite a bit more! Cold and delicious -- while it lasts! SO GOOD! Hard to imagine for our price!
