

# 2016 Carlsonproduct-pdf - Cabernet Sauvignon Santa Barbara County - \$15 Cabernet? It's Real (And Delicious)!! 50% OFF Retail!

## Why We're Drinking It

Normally \$30+, this under-the-radar gem from Santa Barbara is "daily drinker" priced!

Wow! You just don't see Cabernet anywhere in this price range, at least not anywhere this GOOD! Free shipping on 6 bottles or more makes this a wild bargain at \$90 for a 6-pack, DELIVERED! We can't make this much easier for you!

Chuck Carlson has been making Cabernet (and a lot of other varietals) since 1981 at Zaca Mesa Winery, Firestone, and Curtis Winery in the Santa Barbara area. Carlson, of course, is his own brand, and man does it overdeliver! From a beautiful, south-facing hillside vineyard, night harvested, and aged in French oak for 25 months, this gets the white glove treatment and is simply unheard of at this price level.

Pop the cork as soon as it hits your desk or porch, and see what we mean. Black currant, graphite pencil, cool blue fruits, grilled herbs, pink peppercorn, and cedar nuances that all add up to be one of the great Cabernet values that we've ever offered on Invino! Load up!
