Why We're Drinking It

Sancerre! Sauvignon Blanc from one of the finest places on Earth to grow it! What a price! A no-brainer for summer sipping and serving...If we were running for President, we'd promise a case of this in every home.

Winemaker Éric Louis can follow his roots in Sancerre as far back as 1860, when his great-grandmother Pauline was an early pioneer in tending vines and bottling her own wines. Domaine Curot's vines hail from the silex-rich soils of the hillsides near Vinon, Southeast of Sancerre.

Your senses will be happily awakened by the exquisite notes of crisp, lemon minerality intermixed with refreshing notes of green mango, ripe Fuji apples and nectarines-- the blend of flavors will transport you to a warm and sandy vacation. The moment this clean, verve-filled wine hits your lips --- the striking notes of limestone, the whiff of salt, and then the light notes of tropicality ring in. This wine is the perfect combination for many food pairings, especially with [Crottin de Chavignol](#), a goat cheese produced in the Loire!

We never get enough of Sancerre, and it WILL sell out. While it lasts!
